REMINDER

## **CIRCULAR**

Sindh Board of technical Education believes in a continuous improvement policy therefore, SBTE has been continuously striving for the betterment of Technical & Vocational Education since its inception.

In Pakistan, Competency Based Training and Assessment (CBT&A) which is the latest approach of training and assessment and is being followed across the globe has been introduced a few years back under TEVT Reform Support System. Thereafter, in 2019, it was also started under the umbrella of SBTE.

Keeping in view of the modern demand of the Industry, it is need of time to change our courses accordingly, thus it seems appropriate that please switch over the vocational short courses to CBT&A (those are available in NVQF). However, if the course is not available in the NVQF then convert your course on Endorsement Basis.

It is hereby informed that from **1st January 2023, SBTE will not conduct the Short Course's Exams**, only Competency Based Training and Assessment (CBT&A) & Endorsement basis procedure will be followed.

In this regard, if you need any assistance please contact @ **Syed Akhtar Ali Shah**, Inspector of Institutions @ 0300-2516244. OR @ **Syed Mansoor Ahmed**, Head of IT Section / Incharge NVQF @ 0321-2153860.
